CLEAN YOUR WORLD

PRESENTED TO YOU BY

There is no other sanitizing dispenser in the world like The Cleaning Station. Made of solid construction/durable ABS plastic, with a distinctive “D” shaped design and small footprint, it’s the perfect complement to your facility. Interchangeable nozzles allow the flexibility of using a pre-moistened or dry towel, easily loaded from the back cabinet. A hidden trash receptacle keeps waste out of sight. The shelves offer a storage and organizational solution for all your supplies. To complete its germ protection capabilities, The Cleaning Station houses a hand sanitizer dispenser delivering this exclusive complete system.
